This role requires a minimum of 33 hours worked per week. Additional hours are available for this position and will be discussed and agreed upon during your interview

Care Home:

Date employment commenced:

Reporting to:

Home Manager

Introduction

Jasmine Healthcare is a privately owned group, which currently operates six care homes for the elderly, but with significant expansion plans for the future in line with its mission.

Whilst we aim to be a profitable company and provide shareholder returns, this is primarily to allow us to achieve our mission:

*By prioritising **our people**, our mission is to provide the **highest standards of care** to as many elderly residents as possible*

The key aspects of our mission are:

- 1) **Our people** are fundamental to Jasmine and our success in achieving our mission. Jasmine is totally focussed on recruiting the best people, then giving them the best inductions and training, and constantly engaging with our team. We also believe in rewarding and incentivising everyone in the Jasmine team for their contribution to us exemplifying our values and achieving our mission and objectives. We regularly do team surveys to monitor the engagement and wellbeing of our team. We are also absolutely committed to providing great training, and consequently aim for over 60% of our team to have a Diploma in Care or equivalent, and to complete as much additional training as possible.
- 2) To provide the **highest standards of care** is not just a cliché, we are totally committed to doing whatever is required to ultimately get all our homes to be rated as Outstanding with CQC. In order to achieve this we have our own rigorous internal audit and compliance process, which results in all our homes having their own Jasmine Compliance Report (JCR) and Jasmine Compliance Score (JCS) every month. We also do regular Quality Assurance exercises and put significant emphasis on carehome.co.uk reviews

- 3) To provide the highest standards of care **to as many elderly residents as possible**. This means that we have a positive impact on the lives of more team members (as we will employ more people) and more residents (and their relatives). We will achieve this by both maximising occupancy in our existing homes, and by purchasing one new care home every year and doing one major extension and refurbishment project each year.

Jasmine measures its success against its mission through the achievement of its primary aims, which are as follows:

- 1) For all our homes to have a team turnover rate of less than 30% per year
- 2) For over 60% of all our team to have a Diploma in Care Qualification
- 3) For all our homes to be rated Good or Outstanding by CQC and all other Regulatory bodies
- 4) For all our homes to have a Jasmine Compliance Score (JCR) of over 80% at all times
- 5) For all homes to have a www.carehome.co.uk Rating of over 9.5 out 10.0
- 6) For all our homes to be over 95% occupied, so that as many residents as possible can enjoy our high standards of care

Jasmine continually strives to improve its performance against these Aims, and believes an important contributor to its success is all its team exemplifying the Jasmine Values (see below).

Job Purpose

To achieve Jasmine's mission in the home you manage, by ensuring all your residents are provided with the highest standards of care, and doing everything you can to develop, motivate, and improve the wellbeing of your team.

Whilst always prioritising the above, the job holder must also ensure their home's profitability, in order to maximise the money available to reinvest in improving their home, Jasmine's other homes, and for Jasmine to purchase additional under-performing homes, as part of its mission to improve elderly care in the United Kingdom.

Objectives of the Job Role

Your role at Jasmine comes with defined objectives that focus on key areas of accountability. These objectives are designed to ensure that you are contributing to Jasmine's Mission and Aims and your team's success. Each year, your achievement of your objectives will be discussed in your one to ones and will contribute to your end of year appraisal rating and pay review.

Objectives	Allocation (%)
<p>Care Plans - Achieve care plan audit scores on audits performed by Compliance Support Manager in excess of 85.0% and ensure that care plan audit action plans are completed within 7 days of the audit being completed</p> <p>This will be achieved by:</p> <ul style="list-style-type: none"> • Ensuring that care plans for All Residential Residents are completed within the timescales required by company policy when a Resident entering the home • Ensuring that all care plans are evaluated at least once every calendar month 	30.0%

Key Responsibilities

Management

Be responsible for the total management of the home in the Manager's absence when required to do so.

Create clear and effective lines of communication and working relationships, both within the home and with families, other professionals and agencies involved in the care of residents.

Attend meetings where appropriate.

Maintain a safe resourcing levels at all times whilst minimising agency usage.

Investigate any incidents, accidents or complaints that arise under direction of the Home Manager.

Keep abreast of new and developing services in the field of Residential and Nursing Care and particularly Dementia Care to ensure personal professional competency and that of the team is maintained.

Management of The Team

Ensure all team members instil a culture of putting residents needs first and providing high standards of care.

Ensure team member 'radically honest' one to ones for all care and ancillary team are completed every two months.

Ensure that all team training needs are met and that team members are supported through the one to one process.

Ensure all team members exemplify all of the Jasmine Values.

Stand in for the Registered Manager of the home if they are to have any short/medium periods of leave away from the home.

Ensure office vibe is responded to in managers absence.

Relationship Management & Marketing

Maintain relationships with internal and external agencies including the local community, General Practitioners, Social Services, District Nurses, the PCT, CQC and other relevant government or local authority departments.

Assist with marketing the home and maximising occupancy.

Ensure a minimum of quality content 6 times a week on social media.

Assist with pre-admission assessments.

Resident Care

Confident in working alongside and collaborating with team members and residents.

To meet all aspects of personal care to the residents including hygiene, diet, and continence needs.

To be competent in being able to fully compile a person-centred care plan.

Undertake medication rounds safely and effectively.

To ensure infection control guidance is adhered to.

Together with the Manager and Deputy ensure all care plans are updated and evaluated at least every calendar month or sooner where required.

Ensure that the individuality of each resident is maintained by developing an awareness of, and, accommodating as far as is possible, their needs and requirements.

Promoting the overall well-being of residents by ensuring they have access to all outside agencies (i.e. dentist) and maintain contact with their families and friends.

Ensure that the residents are provided with the highest standard of care and evidence recorded of same.

Standards, Policies and Procedures

With the Manager ensure all Audit Action Plans are completed within 7 days.

Maintain an awareness of the latest professional and clinical knowledge.

Ensure the safe handling and proper documentation of medicines.

Assist in ensuring a consistent implementation and monitoring of all the Company's Policies and Procedures.

Be familiar with Health and Social Care Act 2008, Mental Capacity Act 2005 and Health and Safety at Work Act 1974.

Responsible for protecting themselves and others against infection risks, regardless of whether clinical or not are expected to comply with current infection control policies and procedures and to report any problems regarding this to the manager.

All undertaking patient care activities must attend infection control training and updates as required by this organisation – including the Infection Control Champion.

Reporting

Ensure the Manager is kept fully informed of all major developments (i.e. team issues, occupancy, complaints, inspections) at all times.

Ensure the team is kept fully informed of all new developments in the home.

Ensure the Manager is kept fully informed of the job holder's concerns, ambitions, and development requirements.
